An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Izumi Yokoyama on 5/25/07.

The application has been amended as follows:

Delete claim 24.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Applicants' amendment has was sufficient to overcome the sole art rejection. Quattropani et al. (already of record) is the closest art. The compounds of Quattropani do not anticipate or render obvious the compounds of the instant invention. Quattropani offers no suggestion to alter the substitution of the 4-methylphenyl group which corresponds to the (A) variable in the instant compound of Formula (I). In amendment, applicant has deleted the definitions of (A) that would have been rendered obvious by Quattropani.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
